

**The Applied Computational Electromagnetics Society
Announces a Special Issue of the ACES Journal on
ACES Symposium in China 2017**

Guest Editors:

Prof. Xiu Yin Zhang, South China University of Technology, zhangxiuyin@hotmail.com

Prof. Sheng Sun, University of Electronic Science and Technology of China,
sunsheng@ieee.org

Prof. Wei E. I. Sha, Zhejiang University, dr.weisha@gmail.com

The Applied Computational Electromagnetics Society is announcing a new Special Issue of the ACES Journal devoted to the 2017 International Applied Computational Electromagnetics Society Symposium in China (ACES-China 2017). Authors of all papers presented at the symposium are invited to submit an expanded version of their papers to the special issue. The expanded version requires that the new technical content to include a more in-depth treatment, or results beyond the ACES-China paper, and take advantage of the discussions generated at the conference, leading to possibly different results or interpretations. Every paper will be reviewed in the same manner as all other regular submissions to this publication.

Deadline for paper submission is **September 30, 2017**, however early submission is encouraged to allow for faster review and publication preparation process. Expected publication date is **April 2018**.

Potential contributors wishing to discuss the suitability of their contribution may contact either of the Guest Editors. Papers should be uploaded to ACES server at <http://aces-society.org> by using the "upload" button, "Journal", "upload a new paper", then by selecting "Special issue on ACES-China 2017".

Only papers following the format requirements posted on ACES web site under the journal section will be processed for review by the editor of the journal. Email or paper submission will not be processed.

There is a basic publication charge assigned to each paper submitted (\$200 for ACES Members and \$250 for non-Members). Corresponding author should be active member of the society at the time of submission and at the time of publication in order to receive the reduced member charge. Over page charge of \$60 per page are applied for papers with more than Six (6) pages. Payment of publication charge and/or over page charge, if applicable, should be completed on line right after the acceptance of the paper in order to proceed with publication.

ACES Journal is abstracted in INSPEC, in Engineering Index, DTIC, Science Citation Index Expanded, the Research Alert, and to Current Contents/Engineering, Computing & Technology.
